#LETSJAYCO

Where do you want to go? With Jayco, you're headed straight for family fun—regardless of the destination. From wooded campgrounds to sandy beaches, swimming hole docks to scenic byways, maximize the moment with unmatched quality and added comfort. So what are you waiting for? Make new memories—and share them with the world.

GENERATIONS OF FAMILY FUN

NEARLY 50 YEARS OF ENGINEERING, LISTENING, LEARNING AND EVOLVING

Jayco has been building fifth wheels for nearly a half-century—and Luxury Fifth Wheels for almost 30 years.

* DSI award win

Jayco has been awarded the prestigious RVDA DSI Quality Circle Award for nine years running, winning over 75 awards across all of its product lines. The award, based on a survey of hundreds of RV dealers in the U.S. and Canada, takes into account product quality, value, service/support and more.

- 1972** Jayco introduces its first fifth wheel, the Wonderland
- 1987** Jayco introduces its first Luxury Fifth Wheel, the Designer
- 2006** Jayco fifth wheels win a DSI award—and we've won it every year since
- 2009** Engineering breakthroughs: Jayco introduces a drop-frame design and wide-stance landing gear

- 2011** Jayco introduces the Pinnacle line, which raises the bar in the Luxury Fifth Wheel market
- 2014** Jayco debuts the 375BHFS Eagle Premier, a SuperSlide bunk model that overtakes the luxury market
- 2016** The North Point line is born, and the Designer is reborn—raising the bar again in the luxury market

On the cover—39RE with optional Horizon Sands full-body paint package

DESIGNER

LIVE THE LEGACY

When Jayco founder Lloyd Bontrager set out to build a better camping trailer nearly 50 years ago, he probably couldn't have imagined the lavish craftsmanship, awe-inspiring floorplans and stunning residential amenities we'd accomplish years later. Today, his legacy of excellence lives on—with Luxury Fifth Wheels that are as plush as they come.

JAYCO'S ALL-SEASONS CAMPING PACKAGE

Longer camping seasons mean more fun and more memories. That's why we build our Luxury Fifth Wheels with a blend of enhanced features that keep you and yours comfortable regardless of your camping plans. Simply put, we make it easier for you to camp more.

Jayco Climate Shield™

Your trailer stays comfy and functional, even in extreme temperatures, thanks to a fully enclosed and heated underbelly, double-sided Flexfoil® insulation, G20 dark-tinted windows and durable PEX plumbing. See more on page 11.

Magnum Truss™ XL6 Roof System

The strongest roof available on an RV also features a unique design that allows more room for insulation to keep you cozy during chilly nights and cool on the steamiest summer days.

Helix Cooling System

Curved ducts and a residential air return system keep conditioned air moving efficiently when you need it most.

Jayco Luxury Sleep System

You'll sleep like a baby in any kind of weather on your Simmons® residential foam-top mattress.

Magnum Frame System

Extra wide steel beams and added support in the cargo, upper deck and hitch areas make for one of the most stable foundations in the industry.

Mega-Wall Sidewalls

Vacuum-bonded and double-layer laminated walls stand up to the elements.

Electric Fireplace

Flip the switch and forget all about any unseasonably cool weather outside.

Full-Timer Kitchen Storage

Spacious and convenient storage helps keep you equipped for cooking and dining al fresco or in the comfort of your luxurious fifth wheel.

HERE'S WHY WE CAN OFFER THE INDUSTRY'S LONGEST WARRANTY

From concept to completion, every step of the way, we pay the closest attention to the little things that make our RVs stronger, more durable and more reliable than the competition. It's the reason that, with support from our select partners, we have you covered for **2 camping seasons**. That's **730 days**—no strings attached. So go explore. We have the warranty that will follow you anywhere.

4 RAISING EXPECTATIONS

You'll be hard-pressed to find a more comfortable way to travel. Thoughtful design, meticulous construction and premium features like those in the Luxury Fifth Wheel and Designer Advantage packages set the bar in towable luxury.

Luxury Fifth Wheel Package:

- 6-point electric auto-leveling system (1)
- Carefree® power awning with Flex Guard fabric shield and LED light strip (2)
- Magnum Truss™ XL6 Roof System (3)

Unloaded Vehicle Weight (UWV): Sometimes referred to as "Dry Weight," UWV means the typical weight of this trailer as built at the factory. The UWV, as used in product literature and other promotional materials, does not include cargo, fresh water, propane, options or dealer-installed accessories.

Gross Vehicle Weight Rating (GVWR): GVWR means the maximum permissible weight of the trailer, including the UWV plus passengers, personal items, all cargo, fluids, options and dealer-installed accessories. The GVWR is equal to or greater than the sum of the UWV and the CCC.

*Distance from the pin box to the bumper; total exterior length may be longer

**Split Tank

Cargo Carrying Capacity (CCC): CCC means the maximum weight of all passengers, personal items, food, fresh water, propane, tools, other cargo and dealer-installed accessories that can be carried by the trailer. CCC is equal to or less than GVWR minus UWV. The addition of options will decrease the CCC.

Hitch Weight (HW): The hitch weight, as used in product literature and other promotional materials, does not include cargo, fresh water, propane gas, options or dealer-installed accessories. The addition of these types of items will either add to or subtract from the stated hitch weight.

It is important for your safety and enjoyment that your tow vehicle be adequately sized and equipped to tow and handle the GVWR of the RV you select. Review weights and rating of your tow vehicle and consult a competent advisor for questions or advice. Whether you are new to RVing or a veteran, get a feel for the performance of your tow vehicle before heading out on the roadways. When you tow an RV, you must drive differently than when you drive a single vehicle. Practice hooking up, driving, backing up and braking in a safe environment or seek out professional instruction. Jayco affixes a weight label to each RV which lists weight information for that vehicle. See specifications chart above.

MAKING MEMORIES THAT LAST GENERATIONS—LET'S JAYCO

THE JAYCO DIFFERENCE

- Vacuum-bonded, Mega-Wall sidewalls** for better protection from the elements
- Optional automotive-grade, cut-and-buff, full-body paint package (partial paint standard)** and Gel 360 premium gelcoat fiberglass front cap, rear cap and sidewalls for a sleek, durable exterior
- Magnum Truss XL6 Roof System** withstands 4,500 pounds—50 percent more than other roofs
- Welded aluminum frame** for a durable, lightweight structure
- Double layer of fiberglass insulation** behind the front cap, plus Flexfoil® and fiberglass insulation in the floor to provide extra warmth where it's needed most—in the bedroom
- Painted gelcoat fiberglass front cap** withstands the rigors of the road with infused paint and gel coating, plus 1/4-inch plywood bracing for additional support—not typically found on competing fifth wheels

Whether you're out for excitement, relaxation or just time together, we take steps others don't to help you stay focused on the fun. No cutting corners here. Let us go the extra mile so you don't have to.

- 17.5-inch H-rated tires and custom rims**
- Hydraulic disc braking system (optional)**
- MOR/ryde LRE4000 rubberized suspension system** provides smoother towing and better protection from damaging road shock
- Helix Cooling System with Whisper Quiet technology**
- 6-point electric leveling system**
- Carefree power awning** with Flex Guard fabric shield
- Quad-tread aluminum entrance steps**
- Keyless main entrance door**
- Cargo accessory receiver**
- Sidewall- and roof-mounted solar prep**
- MOR/ryde pin box**
- Magnum Frame System**
- Backup camera**

*Jayco tested fifth wheels in zero degrees F and 100 degrees F weather over an extended period of time in a controlled environment, and all functions of the coach were fully operational. Testing was done in a completely controlled environment; therefore, temperatures during testing may not represent actual temperatures in nature and cannot account for elements such as wind or moisture. In actual use, unit may not perform as well. Supplier of cooling components does not guarantee anything better than 20 degrees difference from ambient temperature. In addition, outside components are subject to freezing and require steps to properly insulate. Jayco's limited warranty does not cover damage caused by freezing. To learn more about Climate Shield and testing done by Jayco, visit www.jayco.com.

WE START WITH ONE OF THE INDUSTRY'S
strongest
foundations

Full-width outriggers: We build on full-width outriggers that are spaced 4-6 feet apart (vs. 8 feet) to better support the weight of the wall.

I-class cambered structural steel I-beams: Jayco uses a unique molded, one-piece design to prevent unit from twisting; competing three-piece I-beams can warp over time at the welded seams.

2" x 6"

Fifth wheel frame: The frame over the truck bed is built on a superior 2-inch x 6-inch tube perimeter structure to better support the bedroom sidewalls. Competing fifth wheels have a smaller frame; these manufacturers add a sidewall support seam to compensate for expansion joints.
