2016 SENeca class C motorhomes

Hands down, the best ride.

SEE IT ALL

#letsjayco

2016
When you travel with Jayco, fun is the only thing on the agenda. That’s because we go the extra mile so you can live in the moment. From comfortable, amenity-packed floorplans to weather-shielding insulation and superior frame construction, you’ll have everything you need to adventure every day and make yourself at home every night. Let’s get away. Let’s make it count. Let’s Jayco—and make memories that last a lifetime.

Generations of Family Fun
The power is in your hands with the 2016 Jayco Seneca. And with added features for smoother handling, the ride has never been so satisfying.

ENVIVABLE PERFORMANCE

- **Freightliner® M2 106 chassis** delivers a tight 55-degree turning radius
- **Cummins® ISB 6.7L 340 HP diesel engine** features a 33,000-pound GCWR and a 28,000-pound GVWR; a 10,000-pound-rated hitch; and a gas-strut-assisted hood for easy engine access
- **Allison® 2500 MH automatic transmission** delivers the power, control and traction to handle anything the road throws at you
- **74-gallon fuel tank and 6-gallon DEF tank**
- **Michelin® 275/80R 22.5-inch tires**

**RIDE PREMIUM**

Ride and Handling. Defined.

1. **Heavy-duty rear air suspension** improves sway control under heavy loads
2. **Front sway bar** reduces sideways tilt when cornering
3. **60-millimeter Bilstein® shocks** feature a unique monotube gas-pressure design that provides optimum ride quality and vehicle control
4. **Full air brakes** offer peace of mind—even on the steepest inclines
5. **Air-ride seats** offer comfort for the long haul

Gross Vehicle Weight Rating (GVWR): The maximum permissible weight of the motorhome, including the Unloaded Vehicle Weight (UVW) plus passengers, personal items, all cargo, fluids, options and dealer-installed accessories. The GVWR is equal to or greater than the sum of the UVW and the Cargo Carrying Capacity.

Gross Combined Weight Rating (GCWR): The maximum allowable combined weight of the motorhome used as a tow vehicle and the attached towed vehicle.

It is important for your safety and enjoyment that you are aware of the weights and tow ratings of the RV you select. Consult a competent advisor for questions or advice. Whether you are new to RVing or a veteran, get a feel for the performance of your RV before heading out on the roadways. When you tow a vehicle with your RV, you must drive differently than when you drive a single vehicle. Practice hooking up, driving, backing up and braking in a safe environment or seek out professional instruction. Jayco affixes a weight label to each RV which lists weight information for that vehicle. Refer to that label to verify the vehicle will meet your requirements. See specifications chart above.
Let's Jayco—and enjoy every mile.

We know that your family fun rides on our commitment to quality. So we go the extra mile to make products that last—and stand behind them longer than anyone in the business.

THE JAYCO DIFFERENCE

When you go with Jayco, you get one of the industry’s strongest frames and rock-solid construction.

1. Seamless fiberglass front cap for increased durability and ultimate weather protection
2. 750-pound overhead bunk capacity offers nearly 250 pounds more than the industry average for greater safety and peace of mind
3. Premium Sikkens Paint gives you a superior, durable finish
4. 50-amp service and auto-generator start offers an enhanced electrical system for the best in comfort and remote cooling when needed
5. Seatbelts in every seating position secure the most precious cargo

Meet your Jayco Dealer

We work hard—so you can play hard. From finding the perfect Jayco for your family to providing flexible financing options and full-service support, we’re here to help.
