LUXURY

2
YEAR
WARRANTY

Our Wings Get You There

Family fun happens when you spread your wings. Thanks to Jayco's amenity-packed floorplans, rock-solid construction and two full camping seasons of warranty coverage, you can. Greater peace of mind and added comfort mean better memories and lasting bonds. So go ahead. Hit the road—and let the good times fly.

Generations of Family Fun

37MDQS IN CAPPUCCINO

PINNACLE™

THE PEAK OF LUXURY

There's a lot new in the 2018 lineup—sharp exterior options, a revamped kitchen and stylish lighting for starters—but campers can count on the same premium travel experience they've come to expect from Pinnacle.

EXTEND YOUR CAMPING SEASON

We build our luxury fifth wheels with a blend of enhanced features that keep you and yours comfortable as seasons change.

Jayco Climate Shield™

Several integrated features ensure your trailer stays comfy and functional, even in extreme temperatures. Learn more on page 11.

Magnum Truss™ XL6 Roof System

The strongest roof on the market also allows more room for insulation.

HELIX Cooling System

Conditioned air moves more quickly and freely through this advanced duct system.

Jayco Luxury Sleep System

Sleep like a baby in any kind of weather on a Simmons® foam-top mattress.

Cedar-Lined, Walk-In-Style Closet

Naturally preserve clothes' freshness and control moisture as climate conditions change.

Dual 15,000-BTU Whisper Quiet A/Cs

Added A/C power that helps keep the whole coach cool without the distracting noise.

Fireplace

Electric and thermostat-controlled—warm up with the flip of a switch.

Full-Timer Kitchen Storage

Stock up so you can comfortably dine inside or out.

*Distance from the pin box to the bumper; total exterior length may be longer.

**Split tank

It is important for your safety and enjoyment that your tow vehicle be adequately sized and equipped to tow and handle the GVWR of the RV you select. Review weights and rating of your tow vehicle and consult a competent advisor for questions or advice. Whether you are new to RVing or a veteran, get a feel for the performance of your tow vehicle before heading out on the roadways. When you tow an RV, you must drive differently than when you drive a single vehicle. Practice hooking up, driving, backing up and braking in a safe environment or seek out professional instruction. Jayco affixes a weight label to each RV which lists weight information for that vehicle. See specifications chart above.

Unloaded Vehicle Weight (UWV): Sometimes referred to as "Dry Weight," UWV means the typical weight of this trailer as built at the factory; The UWV, as used in product literature and other promotional materials, does not include cargo, fresh water, propane, options or dealer-installed accessories.

Gross Vehicle Weight Rating (GVWR): GVWR means the maximum permissible weight of the trailer, including the UWV plus personal items, all cargo, fluids, options and dealer-installed accessories. The GVWR is equal to or greater than the sum of the UWV and the CCC.

Cargo Carrying Capacity (CCC): CCC means the maximum weight of personal items, food, fresh water, propane, tools, other cargo and dealer-installed accessories that can be carried by the trailer. CCC is equal to or less than GVWR minus UWV. The addition of options will decrease the CCC.

Hitch Weight (HW): The hitch weight, as used in product literature and other promotional materials, does not include cargo, fresh water, propane gas, options or dealer-installed accessories. The addition of these types of items will either add to or subtract from the stated hitch weight.

TAKE A RIDE ON THE CAREFREE SIDE

Designed for camping comfort and convenience, Jayco RVs provide an easy-going, family-fun experience that relieves your stress. With countless features and reliable construction, you'll breathe easy no matter where your adventures take you and yours.

- 8. **MORryde LRE4100 rubberized suspension system** provides smoother towing and better protection from damaging road shock
- 9. **HELIX Cooling System with Whisper Quiet technology**
- 10. **6-point electric auto-leveling system**
- 11. **Carefree power awning** with LED light strip
- 12. **MORryde StepAbove entry steps**
- 13. **Oversized entry door window**
- 14. **Rear fiberglass cap**
- 15. **Sidewall- and roof-mounted solar prep**
- 16. **Magnum Frame System**
- 17. **MORryde pin box**

THE JAYCO DIFFERENCE

- 1. **16-inch Goodyear Beast tires** with the highest speed rating in the industry
- 2. **Dexter 7,000-pound axles** with wet bolt fasteners and heavy-duty shackles
- 3. **Vacuum-bonded walls with premium high-gloss fiberglass exteriors** for better protection from the elements
- 4. **Magnum Truss XL6 Roof System** withstands 4,500 pounds—50 percent more than other roofs
- 5. **Welded aluminum sidewall framing** for a durable, lightweight structure
- 6. **Double layer of fiberglass insulation** behind the front cap, plus Flexfoil® and fiberglass insulation in the floor to provide extra warmth where it's needed most
- 7. **Painted gelcoat fiberglass front cap** withstands the rigors of the road with infused paint and gelcoating, plus 1/4-inch plywood bracing for additional support—not typically found on competing fifth wheels

JAYCO'S ROOF **VS** OTHER ROOFS

4,500 POUNDS ON A JAYCO ROOF VS. OTHER ROOFS

THE MAGNUM TRUSS XL6 ROOF SYSTEM
50 percent stronger

CLIMATE SHIELD

Extend your camping season with the Jayco Climate Shield. It protects against extreme heat and extreme freezing—even in temperatures as high as 100 degrees or as low as zero degrees (Fahrenheit).* Scan the QR code to see the Climate Shield video.

LIVING ROOM

KITCHEN

BATHROOM

HOLDING TANK

BEDROOM

*Jayco tested fifth wheels in zero degrees F and 100 degrees F weather over an extended period of time in a controlled environment, and all functions of the coach were fully operational. Testing was done in a completely controlled environment; therefore, temperatures during testing may not represent actual temperatures in nature and cannot account for elements such as wind or moisture. In actual use, unit may not perform as well. Supplier of cooling components does not guarantee anything better than 20 degrees difference from ambient temperature. In addition, outside components are subject to freezing and require steps to properly insulate. Jayco's limited warranty does not cover damage caused by freezing. To learn more about Climate Shield and testing done by Jayco, visit www.jayco.com.

WE START WITH ONE OF THE INDUSTRY'S
strongest
foundations

Many competitors modify or weld stock frames, which can weaken the integrity of your foundation. Jayco's custom-manufactured frames offer higher strength and durability.

Full-width outriggers: We build on full-width outriggers that are spaced 4-6 feet apart (vs. 8 feet) to better support the weight of the wall.

I-Class™ cambered structural steel I-beams: Jayco uses a unique molded, one-piece design to prevent unit from twisting; competing three-piece I-beams can warp over time at the welded seams.

2" x 6"

Fifth wheel frame: The frame over the truck bed is built on a superior 2-inch x 6-inch tube perimeter structure to better support the bedroom sidewalls. Competing fifth wheels have a smaller frame; these manufacturers add a sidewall support seam to compensate for expansion joints.
